

Item No.
69BSKFFL

SideKick® Premium CUT- AND PUNCTURE-RESISTANT Fitter with Full Kevlar®/Fiberglass Liner

FUNCTIONAL BENEFITS:

Full lining of cut-resistant Kevlar®/fiberglass blend for ASTM level 4 protection (2050 grams)

Great value; this version is less expensive than similar styles featuring 100% Kevlar®

Heavy-duty premium split-leather is ideal for the toughest jobs, providing puncture resistance ASTM level 3 (gloves resisted 21.2 lbs. of pressure during testing)

Knuckle straps protect against knocks

Sewn with super-strong, heat-resistant DuPont Kevlar® thread for seam integrity

9 oz. cotton twill backs

APPLICATIONS:

Construction
Forestry/Lumber Mills
Mining
Steel Foundries
Maintenance
Metal Fabrication
Automotive
Stamping
Glass Handling

69BSKFFL

Kevlar®/Glass Liner

SideKick® Premium Cut-resistant Fitter with Full Kevlar®/Fiberglass Liner

Heavy-duty protection, with the bonus of cut resistance. This member of our popular SideKick® series offers dual protection and great value featuring a cut-resistant composite-knit liner with an ASTM level 4 rating. 1.4 mm. premium side-split leather, selected for its durability is sewn together with 9 oz. cotton twill using super-strong, heat-resistant DuPont Kevlar® thread. Full composite-knit liner features fiberglass encased in Kevlar®, so fibers will not come into contact with skin. And, this blend is more economical than 100% Kevlar®, while providing a much higher level of cut resistance; during cut testing, gloves withstood 2050 grams of pressure. Additionally, puncture resistance during testing was 21.2 lbs / 94N ASTM puncture level 3.

Gunn-cut pattern moves seams away from between fingers and toward the back for less rubbing and annoying. Backs feature leather knuckle straps and elasticized wrists for a snug fit.
